

# AFRICAN ART SPECIALTY CAMP AT PARK MAITLAND SCHOOL

**Students Come Discover....AFRICA!**

**JAMBO WATOTO!**

**(HELLO CHILDREN!)**

Join Mrs. Forbes for a week of adventure deep in the jungles of Africa! We will explore the culture of Africa—The Land and the Wildlife that live there, the People and how they live, their homes, taste their foods, learn about their ceremonies, experience their music, create their art and play their games.

Our "Congo Crafters" will complete our week of travel by designing their own African mud hut, constructing a tribal mask, sculpting an authentic piece of pottery, build a spirit drum and make an amazing African landscape in a most unique way.

So students, grab your passports and let the adventures begin!
